June 30, 1945.

Mr. Emil Felber, Jr.
1625 N. 18th St.
Milwaukee 5, Wisconsin.

Hello OM:

No doubt you heard that ARRL Communications dept sent out a questionnaire asking WERS radio aides if they were to continue operations after June 30th. I asked for a report of the Central division and HQ sent one as of June 21st. I thought you would be interested in the Wisconsin group.

Appleton - WKJG - card not yet returned
Milwaukee - WMFI - yes
State of Wisconsin, Wing 62, CAP, WKOJ, yes

This is the first opportunity I have had to thanking you hams up that way for your support. Now it can be told: Wisconsin is one of my favorite states, my wife came from there!! Green Bay to be exact. We long for the day when we can drive up there.

The OM especially longs for that trip because I always try to plan the drive so that at mealtime we are near Smith's Fish Shanty. Boy it makes my mouth water like all heck just to think about those delicious fish dinners. There's nothing like it around these parts.

Hope to c u on the air soon - Have to be after V-J day tho the way it looks now.

73,

John A. Kiener
W8AVH

Central Division director
